

The
Real
DrJ

Hello everyone,

*****Flash News: I will be speaking at all events of the Crimes Against Humanity Tour USA*****

I had a busy week with several interviews and presentations, available on my website under **Dr. Judy Shares / Video Library**. I wanted to highlight one of this week's presentations, because I cannot emphasize enough the clear and present danger we are facing with attempted mandates of faulty, fraudulent and liability free products, as well as the suppression of scientific facts by utterly corrupt agencies and people in positions of power.

Dr. Judy Mikovits joins Dr. Reiner Fuellmich and Viviane Fischer
**Tirelessly Fighting for Humanity
in Germany & internationally**
Live session dubbed in English February 25, 2022
Video starts at 34:05 - Dr Judy starts at 1:40:50

I had a chance to speak to Dr. Reiner Fuellmich and Viviane Fischer who are tirelessly fighting for humanity, not only in Germany but internationally as well. Dr. Reiner Fuellmich is a trial lawyer of 27 years, licensed to practice law in Germany and California, who took on some of the most corrupt players in our world and sued them in a multi-million dollar bribery case. If anyone has the guts and stamina to lead this fight for humanity it is him with his team!

Click here to learn more about Reiner Fuellmich's work. Check also his Organization: **Corona Investigative Committee** because he has an extensive library of past interviews worth watching and sharing.

Product of the Week

ULTRABINDER

Buy now

Last week I spoke to you about the importance of feeding your body organic, wholesome and healthy foods. Today I want to focus on an often underestimated aspect of great immunity and optimal wellbeing: **The daily elimination of toxins.**

It plays a vital role in anyone's healthy immune system. While often the focus is placed on the input of nutrition, supplements and wellness protocols, there should be an equal amount of focus on the output part: **The detox pathways.**

My favorite tool in my toolbox is the **Ultra Binder by Quicksilver Scientific.**

“There is no one binder that can eliminate all toxins. Many binders ‘miss’ key toxins and allow for their recirculation. Ours binds to and helps remove a wide array of toxins in the GI for smoother, more thorough detox.” (Quicksilver Scientific product description)

We always encounter many toxins going throughout our day even if we are careful to avoid them. It is important to make wise choices for any of the products you use in your home, as your skincare routine, consumption of food and water as well as what you feed your mind with.

If you are already mindful to feed yourself quality foods and treat your body like the God given temple that it is, the best support you can give yourself in the process is a “catch all” product that is easy to use and gentle on your body.

Ultra Binder comes in various forms: As capsules, as convenient to go sticks and as a powder to mix in liquid. Whichever form you prefer, rest assured the **Ultra Binder** will safely carry our the debris and unwanted gunk your body doesn't need any longer.

I will continue to update my website so stay tuned for more ways to step into a “healthy, new you” you will love and enjoy.

All the best of health,

Judy A Mikovits, PhD

NO MORE SHOTS, EVER! THIS IS WHY!

PS: You have probably seen other websites with my name and image selling books and purporting my endorsement of supplements. These sites are fake! They are profiting off the hard work that I spent decades performing scientific research.
