Hi everyone,

I arrived in the beautiful state of Florida and I am very excited to be on two simultaneous tours that are so vital to the medical freedom in our country. While I am on the road, I have my lovely team working with me in the background, keeping everything going in my absence.

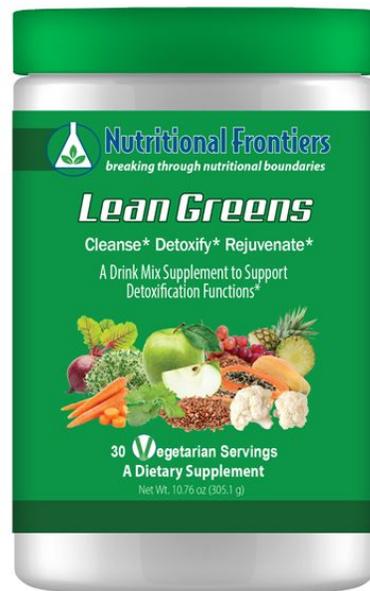

Many victims of the plague of corruption in our country and around the world are facing debilitating chronic issues because of these forced poisonous bioweapon jabs. I receive thousands of requests from suffering individuals on how to mitigate the damage. Now, after working tirelessly, we're offering **recovery protocols and immune support solutions.**

With great joy and praise to my team, curated with the input of the best and brightest doctors and practitioners in the field of holistic healing, I want to present to you **six new bundled products** available to counteract the damage that has been done against so many.

May these bundles be a blessing to you and provide the answers and solutions you have been waiting for. My prayers are that these bundles will help you and your loved ones recover from the damage done, and aid in your health and wellbeing.

As many of you know, there are several web and social media sites using my name and image to sell my books and purporting my endorsement of supplements. They are profiting off the decades of hard work that I have and continue to spend performing scientific research. I do NOT support most of the information shared using my name. These sites are fake!

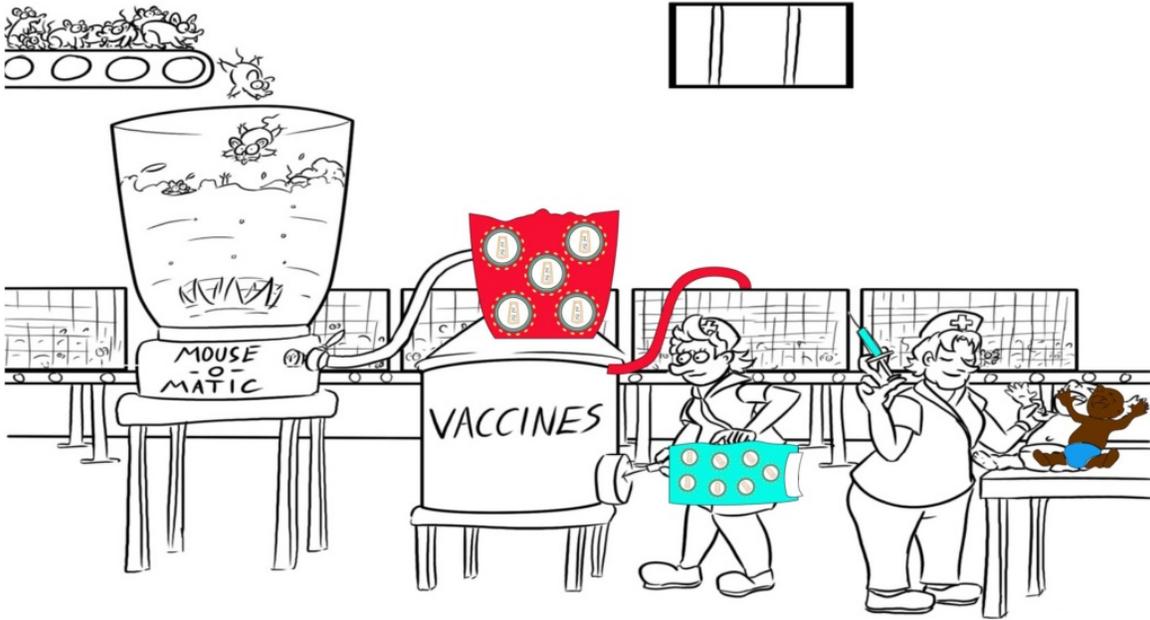

Please follow these [instructions](#) to help me eliminate these unofficial endorsements and fake use of my God given purpose as a scientist and educator.

Thank you all so very much for your support!
