Hello Everyone,

The AutismOne Conference was wonderful! It is always so fun to see old friends and make new ones. It was great to see new faces teeming in the crowd and everyone was brimming with joy to be together and share their stories. Love and understanding radiated throughout the conference!

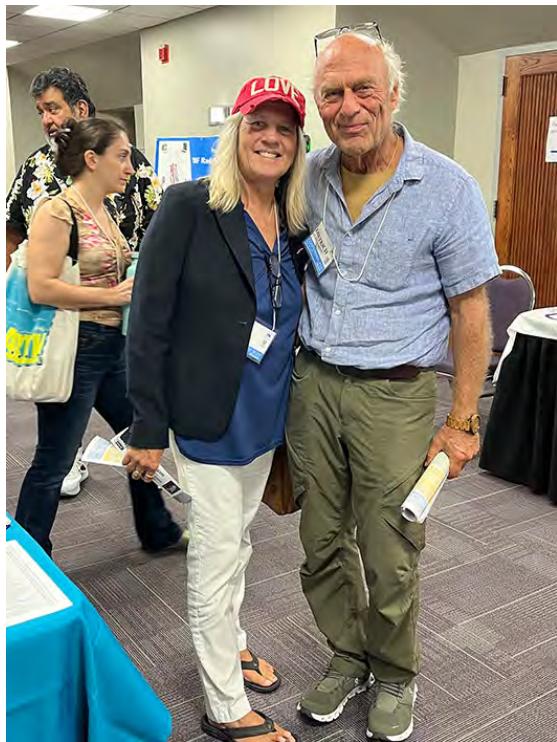

When I wasn't presenting, I listened to as many of the other speakers as I could over the four day conference. We were able to personally exchange our latest findings in order to help further our scientific quest for healing, wellness and recovery.

AUTISM ONE TRIBUTE TO ED ARRANGA

It was an honor for me to deliver a tribute to the late Ed Arranga highlighting his legacy of always speaking truth and love. Sunflowers were Ed's favorite.

Thanks to Ed Arranga's calm & quiet manner, I learned to yell less & accomplish more over the years we worked together. He created an incredibly powerful tribe of doctors, practitioners and autism groups who bring solutions and recovery. #AutismOne #EdArranga

With **Dr. Dietrich Klinghardt MD, PhD** scientific advisor and physician: developing and employing diagnostic and treatment modalities, establishing treatment centers, and conducting ongoing research and further development.

Jamal was a crowd favorite. Not only did he give an eloquent tribute to Ed, he also rapped an Eminem song! Autism can be cured when provided with proper nutrition, holistic remedies, love and faith in God.

Robert Scott Bell, homeopathic practitioner, author and expert in silver and copper therapeutics. He was a speaker on the topic of Copper: The missing mineral in inflammation reduction, energy production and connective tissue regeneration.

I spoke with many of the conference attendees during my book signings or in the hallways during breaks. So many families are in dire need of solutions. Helping these affected families to turn from survival mode into thriving mode is why I do what I do.

I am glad to be able to help with their education and make recommendations for foods and remedies from the vendors we trust. I discovered several new products that help with detoxing unhealthy elements and finding solutions to nourish the body back to a healthy balance.

Here I am with Sharon Mahan at the Pure Haven table. I met Sharon three years ago at an AutismOne conference. If she hadn't found these toxin free products to heal her family and wanting to help others to do the same, I might never have learned about these fantastic alternatives for the skin, body & household.

The vendors varied from homeopathic cell salts to natural mushroom supplements to EMF blockers.

In fact, our store will be adding items for EMF safety very soon. Our world is extremely polluted. Don't underestimate the danger of radiation poisoning. We discussed this topic at AutismOne at length and are happy to report that new solutions exist. I will announce when the new equipment is available or check for equipment updates in the [Dr. J Solution Store](#).

Del Bigtree from The Highwire was the Keynote Speaker for the conference Saturday night. He had the crowd cheering and standing on their feet. He presented stats showing a majority of people are not getting the shots because their trust in the CDC is at an all-time low.

Sharon was so tickled to meet Del.

MESSAGE TO THE UNVACCINATED:

Even if I were pollinated and fully vaccinated, I would admire the unvaccinated for withstanding the greatest pressure I have ever seen, even from partners, parents, children, friends, colleagues and doctors.

People who were capable of such personality, courage and critical ability are undoubtedly the best of humanity. They are everywhere, in all ages, levels of education, states and ideas. They are of a special kind; they are the soldiers that every army of light wants to have in its ranks. They are the parents that every child wants to have and the children that every parent dreams of having. They are beings above the average of their societies, they are the essence of the people who have built all cultures and conquered horizons. They are there, next to you, they look normal, but they are superheroes.

WE ARE THE HEROES!

That's you! You passed an unimaginable test that many of the toughest Marines, Commandos, Green Berets, astronauts and geniuses could not withstand.

You are made of the stuff of the greatest who ever lived, those heroes born among

They did what others could not, they were the tree that withstood the hurricane of insults, discrimination and social exclusion. And they did it because they thought they were alone, and believed they were the only ones.

Banned from their families' tables at Christmas, they never saw anything so cruel. They lost their jobs, let their careers sink, had no more money ... but they didn't care. They suffered immeasurable discrimination, denunciation, betrayal and humiliation ... but they kept going.

Never before in humanity has there been such a "casting", now we know who are the best on planet Earth. Women, men, old, young, rich, poor, of all races or religions, the unvaccinated, the chosen of the invisible ark, the only ones who managed to resist when everything collapsed.

ordinary humans who are God's light in the dark.

**We Welcome Back Very Special Guest:
Dr. Judy Mikovits
Presentation Title: JAB REMORSE**

In her forty-year quest to understand the causes, prevent and treat chronic diseases, Dr. Judy Mikovits has co-authored seminal papers culminating in at least a decade of research in each of four fields: immunology, natural products chemistry, epigenetics, and HIV/AIDS drug development. Dr. Judy earned a BA in Chemistry from University of Virginia in 1980, and a PhD in Biochemistry and Molecular Biology from George Washington University in 1992.

In 2009, Dr. Judy led the team that first isolated and characterized a new family of human disease-associated retroviruses, XMRVs/HGRVs. Dr. Judy has co-authored more than 50 peer-reviewed publications and book chapters; holds patent # WO 2012061790 A1. "Combination Therapy for Prostate Cancer using Botanical Compositions and Bicalutamide". Dr. Judy is a New York Times best-selling author of the books: "Plague of Corruption", and "The Case Against Masks", and "Ending Plague".

The formation of M.A.R.C. Inc. in 2016 with colleague, Dr. Frank Ruscetti, has afforded Dr. Judy the opportunity to come full-circle back to her first love, natural products chemistry. In 2020, MARC Inc evolved to become DrJolutions, a company focused not only on education, but on providing solutions for prevention and treatment of autoimmune/auto-inflammatory diseases resulting from viral infection, drugs and environmental toxins. Her heart and passion is to focus on natural products chemistry and plant-based drug therapies. Her current focus is on medical cannabis with breakthroughs in understanding of the pathophysiology of neuroimmune diseases as acquired endocannabinoid immune dysfunction (AEIDS) including COVID19.
