Hello everyone,

Data is finally being released by the insurance companies with respect to the people who got the mRNA injections. There is a 40% increase in all cause mortality. People can no longer deny how dangerous the jabs are. Among the subcategories, myocardial infarction is up 308%. The COVID shot and Gardasil have become better at abortion than the RU486 abortion pill. We cannot allow our governments to mandate abortion or suicide.

Michael Yeadon, Former Pfizer VP Had Given Warnings. Michael Yeadon is a big pharma veteran with 32 years in the industry. He retired from Pfizer whilst occupying the most senior research position

in that field. "On December 1, 2020, we detailed a series of mechanistic toxicology concerns which we believed were reasonable to hold, unless & until proven not to occur," Yeadon said in a statement to The Epoch Times. "Among those was that adverse impacts on conception and ability to sustain a pregnancy were foreseeable."

With each data dump coming out of the FOIA requests by the tirelessly working legal team around ICAN under the leadership of Aaron Siri for example and others, it gets worse and worse the more actual data we see. That seems to be the reason why Pfizer wanted to hide it in the first place.

Look at this thread on Twitter by this poster:

Ony @OPozzuto: Is This Why Pfizer Wanted Trial Data Buried for 75 Years? "Whether intentional or not, mounting evidence now indicate the COVID-19 injections will result in depopulation through premature death and adverse effects on fertility in women and men alike."

James A. Thorp MD @Jamesathorpm - Jul 5

In Austria the massive harm done to human life and health done by the Covid "vaccines" has resulted in the Austrian Minister of Health shifting responsibility to doctors who betrayed their medical responsibility to inform patients of the risks of the vaccine.

The multiple NGO's in USA pushing the deadly CV19 in pregnancy including American Board of ObGyn #ABOG and the Society for Maternal-Fetal Medicine #SMFM and the American College of ObGyn #ACOG have been given over to the lie and delusion. They have broken the Golden Rule of Pregnancy that God has written on everything human heart: never ever use a new drug in pregnancy. When the American People see what you have forced physicians to do they will come after YOU

A very outspoken expert on fertility and women's health, Dr. James A. Thorpe, made a detailed post on Gettr about the evidence he sees in his practice and around his field of Obstetrics:

James A. Thorp MD @Jamesathorpm - ObGyn & Maternal Fetal Medicine Physician. "In Austria the massive harm done to human life and health done by the Covid "vaccines" has resulted in the Austrian Minister of Health shifting responsibility to doctors who betrayed their medical responsibility to inform patients of the risks of the vaccine. When the American People see what you have forced physicians to do they will come after YOU.

Dr. James Thorp is an extensively published 68-year-old physician MD board-certified in obstetrics and gynecology, as well as maternal-fetal medicine, who has practiced obstetrics for over 42 years.

The HighWire: The Forbidden Debate

Since before the inception of The HighWire, the most common theme of the vaccine risk awareness

movement was the pro-vaccine side's constant refusal to thoughtful, factual, discussion and debate. By popular demand we present the entire vaccine debate from The Better Way Conference between Del, and the panel of scientists including Geert Vanden Bossche, PhD, DVM, Dr. Robert Malone, and Bret Weinstein. Then, Geert joins Del for a follow-up interview. You do not want to miss.
