**Candidate for CA Governor 2022 with a real plan for people & the planet**

California's primary election is June 7th and we have a historic opportunity to do something that has never been done before. We can elect a Governor outside of the two-party system, and in doing so we will change the trajectory of California forever.

What I have witnessed on the campaign trail has shown me that we are ready for this shift.

Californians are done with the lawlessness, and corruption. Our state wants to unify over the issues that matter most including homelessness, crime, education, housing, constitutional rights, and healing our land.

People from ALL sides of the political spectrum resonate with this campaign! Republicans, Democrats, Green Party Members, Libertarians...it doesn't matter. Californians are ready to take back their power and elect someone who will serve the people over a party.

*Reminder:* When voting in person, bring your vote-by-mail ballot with you. That is what you are handing in to vote with. The only ballots available at the polls are provisional ballots. These ballots are kept separate from all other ballots while they

*coming up soon, June 7th, 2022 and our future for California is hanging in the balance. She is the only choice for California's future. -Dr. Judy*

Hi everyone,

The California Primaries are approaching fast. Go out and vote Tuesday, June 7th! In case you have not heard about a candidate that truly honors our Constitution and the medical freedom in our state of California, take a good look at Reinette Senum. I endorse her as our best choice for Governor for California. I believe she is the ONE candidate, who can get us out of this mess we find ourselves in with the crime family around Gavin Newsom.

Breaking News from the Frontline Doctors: The Frontline Doctors have recently (5/25/2022) published a Post-Vaccine Treatment protocol. Download the I-RECOVER Protocol and watch their Follow up Q&A video.

While it includes Ivermectin and a few other pharmaceutical suggestions, I am happy to see it highlights the various nutritional components, I have been suggesting in my previous newsletters already. One compound in particular you should recognize from my talks: Quercetin. It has extraordinary free radical scavenging properties and as one of the most important compounds in the group of flavonoids, it helps to restore the gut microbiome (remember, immunity starts in the gut) and helps to counterbalance the immune dysregulation caused by the poisonous shots they call a vaccine.

In fact, I created a "jab remorse kit" in my store called "Recovery Protocol Bundle" where I put my most favorite foods together to take advantage of the synergistic effects those compounds have with each other. In this bundle you will also see my other most appreciated tools in restoring immune function: Paximune, Immune Formulation 200, SPM (Specialized Pro-resolving Mediators), Pro Lean Greens and another powerhouse of inflammatory cytokine storm fighting properties: Balance-DMG™ (N,N-Dimethylglycine).

Most of you have heard me say it over and over again: When you assault your immune system with a poison shot and cause a hyper stimulation, you will want to have a functioning DIMMER SWITCH to turn inflammation down again. All signaling pathways work together to up regulate and down regulate processes in the body. Hyperstimulation through poisonous shots have caused the down regulation to malfunction. But rest assured: Recovery and restoration is possible: Find out more at The Real Dr. Judy Recommended Products.

Be well and go out and vote. Take charge of your own health. Vote with your dollars and choose health! Our freedoms depend on you!
